Memo**

Date: December 17, 1992

To: Sam Cochran

From: Ben Miller

Subject: Diesel Generator - Oregon

Dear Sam,

Attached please find the information pertinent to the diesel generator offered to us by Mark Sylart of Beaverton, OR. His number is (503) 643-8830. I have sent Mark Fountain, chief engineer of TBN affiliate KNMT in Portland to look at the equipment, and also attached is his evaluation. Mark Sylart estimates the value of the equipment to be about \$40,000. After careful consideration, Paul Crouch and I have concluded that we really don't have an immediate need for this equipment and a more desirable course of action is to try and recover some value.

Thanks,

Ben Miller
Vice President, Engineering
